Dixon Electric has been in the contracting business for over 25 years. We are a company known for versatility and meeting our schedules. Our strengths lie in our employee base, our wherewithal to get the job done, and our commitment to making the customer happy. We serve clients in Kentucky and the contiguous states. Our expertise ranges from design build of factories to power line installation to motor control centers to hospital systems to emergency service to budget consulting. Our standards are quality, performance, integrity, and customer satisfaction.

Here are some projects we have completed in the past:

- Meijers Store-Lexington · Powerline-Toyota USA - Georgetown
- Walmart Supercenter-Danville · Data Center-Charlotte, NC
- Chef America Renovation-Mt. Sterling · Best Buy Store-Lexington
- CompUSA Store-Lexington · Woodford Community Center-Versailles
- Main Street Renovation-Georgetown · TG Kentucky Expansion-Lebanon
